

# EVERYDAY MATHEMATICS

## STUDY LINK SUPPORT

**Fact families** are a set of related addition and subtraction facts, or related multiplication and division facts. As students study fact families, they build a foundation for algebraic thinking about the relationships between operations.

*Examples*

### **Addition/ Subtraction Fact Family**

$$5 + 6 = 11$$

$$6 + 5 = 11$$

$$11 - 5 = 6$$

$$11 - 6 = 5$$

### **Multiplication/ Division Fact Family**

$$5 * 7 = 35$$

$$7 * 5 = 35$$

$$35 \div 5 = 7$$

$$35 \div 7 = 5$$
