

MILTON ELEMENTARY HEALTH SERVICES

Dear Parent/Guardian;

I am writing to let you know students who are 11 years old or older are required by NH State Law to receive another tetanus, diphtheria, acellular pertussis (Tdap) vaccine.

If your child has received this vaccine recently, **please send in documentation from your physician's office.** If they have not, please make an appointment with their physician and send in documentation as soon as possible to remain in compliance with NH State Law. This is a requirement in order for your child to attend school. If you wish to file a religious or medical exemption please let me know and I will provide you with a form.

If you have any questions please don't hesitate to contact me.

Sincerely,

Susan Welch, RN
